RED DEMON® Professional Use

PRODUCT AND COMPANY IDENTIFICATION

Commercial Name of Product: RED DEMON® Professional Use

Description of product: INSECTICIDE

Manufacturer: SAN ALF QUIMICAS S.A.
Pol. Ind. Gaidó, s/n
12180 Cabanes (Castellón) SPAIN
Tel: +34 964 - 39 05 00
Fax: +34 964 – 39 05 19
E-mail: info@salquisa.com

Emergency telephone:

INSTITUTO NACIONAL DE TOXICOLOGÍA (NATIONAL TOXICOLOGY INSTITUTE):
Tel: +34 91-5620420

COMPOSITION / INFORMATION ABOUT COMPONENTS:

Etofenprox..CAS-No: 80844-07-1.....EINECS N°: 407-980-2.....4.8% p/v
Thiamethoxam..CAS-No: 153719-23-4.....EINECS N°: 428-650-4.....0.66% p/v
Solvents c.s.p.....100%

IDENTIFICATION OF HAZARDS

R11: Highly flammable

R36: Irritates the eyes

R50/53: Extremely toxic for aquatic organisms. May cause long-term adverse effects in the aquatic environment.

R66: Repeated exposure may cause skin dryness or cracking.

R67: The inhalation of vapours may cause drowsiness and dizziness.

POISONING MAY PRODUCE:

- irritation of the eyes, skin, mucus membranes, respiratory and gastrointestinal tracts, possibility of pneumonia by inhalation, CNS depression.

FIRST AID ASSISTANCE

Ingestion:

- **DO NOT** administer anything orally.
- If ingested, **DO NOT** induce vomiting.
- Keep the patient at rest.
- Maintain the body temperature.
- Control breathing, if necessary, by artificial respiration.
- If the person is unconscious, lay them on their side, with the head lower than the body and knees half-flexed.
- Move the victim to a hospital centre and, whenever possible, take the label or bottle.

Contact with skin:

- Remove the person from the contaminated area.
- Remove stained clothing immediately.
- Wash the skin with plenty of soap and water, without rubbing.

Contact with eyes:

- Wash eyes with plenty of water for at least 15 minutes. Remove contact lenses.

Treatment advice:

- In case of ingestion, an endoscope is recommended.
 - Water-electrolyte control.
 - **DO NOT** neutralise with bases or acids.
 - Symptomatic treatment.
-

FIRE PREVENTION MEASURES

Recommended extinguishing methods:

- Foam, chemical powder, CO₂, earth.
- In cases of fire involving electrical equipment, the use of dry chemical powder is recommended, given its non-conductivity.

Unsuitable extinguishing methods:

- Do not use pressurised water.

Hazardous decomposition:

- Under open fire conditions, the product may emit irritating hydrochloric acid (HCl), hydrogen cyanide (HCN) and carbon monoxide (CO) vapours.

Special protective equipment for fire-fighters:

- Always wear suitable protective clothing and self-contained breathing equipment.
-

Registration N°: 07-80-04621

RED DEMON® Professional Use

ACCIDENTAL RELEASE MEASURES:

- Extinguish all heat and ignition sources
- No smoking
- Avoid sparks and build-up of static electricity.
- Ensure proper ventilation

Personal precautions:

- Avoid breathing any fumes, avoid contact with eyes and skin.
- Use to the degree the exposure requires: safety glasses with side protection, PVC protective clothing, nitrile gloves, knee-high polypropylene or butyl rubber safety boots, mask with organic vapour cartridge and NPF 400 filter and self-contained breathing equipment.

Environmental protection precautions:

- Do not pour product in drains or waterways.
- Dispose of in accordance with local regulations.

Cleaning methods for spills:

On the ground:

- Isolate the area and absorb spill immediately with sand, talc or earth.
- Do not use combustible materials such as sawdust or peat.
- Collect in containers suitable for their subsequent disposal in accordance with local regulations.
- If the spill was directly on to non-asphalted/constructed ground, dig up and collect the portion of the ground where the spill took place to dispose of according to local legislation.

In the water:

- If possible, recover through pumping (manual or fireproof pump).
- If the spill is significant, inform the environmental and civil protection authorities.

HANDLING AND STORAGE

Storage conditions:

- Store in a cool, well-ventilated place, always in the original containers, well-sealed, away from light, food, drink and animal feed.
- Keep away from unauthorised personnel.
- Store in a cool, well-ventilated place protected from ignition and heat sources, and static electricity.

46380 Cheste (Valencia) SPAIN

Registration N°: 07-80-04621

RED DEMON® Professional Use

Handling conditions:

- Use and handle carefully so as to minimise the amount of leftover waste and spillage of the product.
 - Extinguish all heat and ignition and static electricity sources.
 - No smoking.
 - Do not use electrical outlets.
 - The product damages most rubbers and some plastics.
-

EXPOSURE CONTROLS / PERSONAL PROTECTION:

Technical measures:

- To reduce the risk of inhalation and fire, ensure good ventilation in the area where the product is applied.
- Avoid splashing while handling and applying product.

Personal protective equipment:

- Wear suitable protective clothing.
- Wash protective clothing frequently.
- Wear gloves resistant to chemical agents.
- Change clothing when stains from the product are observed.

If application requires protection from splashing and fumes:

- Wear safety glasses with lateral protection and protective respiratory mask with a filter for organic vapours and self-contained breathing equipment.

Other:

- Boots
 - Helmet
 - Etc...
-

PHYSICAL AND CHEMICAL PROPERTIES:

Physical state: _____ Liquid
Colour: _____ Amber yellow
Odour: _____ Characteristic
Density (20°C): _____ 0.948 ± 0.02 g/ml
Flash point: _____ 38°C
pH: _____ (1% water / alcohol solution, 1:1) 5
Viscosity (20°C): _____ < 20 mPas/s
Water solubility: _____ Not miscible. Active materials practically insoluble.

STABILITY AND REACTIVITY:

Stability:

- Stable in normal storage conditions

Conditions to be avoided:

- Avoid high temperatures for prolonged periods of time.
- Do not expose to excessive heat.
- Avoid conditions of insufficient ventilation.

Materials to avoid:

- Alkaline materials
- Oxidising agents.
- Mineral acids, particularly nitric and sulphuric acid.

Hazardous decomposition products:

- None known in normal storage and use conditions.
-

TOXICOLOGICAL INFORMATION:

Acute oral toxicity: _____ LD50 rat => 2000 mg/kg
Acute cutaneous toxicity: _____ ED50 rat = > 2000 mg/kg
Inhalation toxicity: _____ LC50 rat (4h) = > 3720 mg/kg
Ocular irritation: _____ Irritant.
Cutaneous irritation: _____ Irritant.
Sensitisation: _____ May cause sensitization.

ECOLOGICAL INFORMATION:

Solvents:

- Not miscible in water.
- Biodegradable.
- Bioaccumulation not expected.
- Indirect risk by rapid decrease of dissolved Oxygen (4 - 5 days)

Etofenprox:

- EC50 (3h) : _____ >100 mg/l (bacteria).
- EC50 (72h) : _____ 0.150 mg/l (algae)
- EC50 (48h) : _____ 0.0012 mg/l (Daphnia Magna).
- LC50 (96h) : _____ 0.013 mg/l (fish Bluegill Sunfish).
- LC50 (96h) : _____ 0.0027 mg/l (Rainbow trout).

RED DEMON® Professional Use

Thiamethoxam:

- Fish LC50 : _____ Trout > 125 mg/l
 - Fish LC50 : _____ Fish Bluegill Sunfish > 125 mg/l
 - Invertebrates EC50 : _____ Daphnia > 100 mg/l
 - Invertebrates EC50 : _____ Mysid shrimp > 6.9 mg/l
 - Invertebrates EC50 : _____ Eastern oyster > 119 mg/l
 - Birds LC50 : _____ Quail 1552 mg/kg
 - Birds LC50 : _____ Duck 576 mg/kg
 - Dietetic Birds LC50 : _____ Quail > 5200 ppm
 - Dietetic Birds LC50 : _____ Duck > 5200 ppm
-

DISPOSAL CONSIDERATIONS

Packages:

- Controlled destruction in a waste management centre.
 - In accordance with local legislation.
-

INFORMATION CONCERNING TRANSPORT:

- "1992 Flammable Liquid, toxic, N.O.S. 3, 32° c) ADR"
 - "3017 Organophosphorus Pesticide, liquid, toxic, flammable, flashpoint not less than 23 °C, 6.1, 72° c), ADR"

LEGAL INFORMATION:

- Classification and labelling in accordance with the regulations for classification, labelling and packaging of hazardous substances.

Pictograms:

F

Flammable

Xi

Irritant

N

Environmentally
hazardous

Risk Phrases:

R11: Flammable

R36: Irritates the eyes

R50/53: Toxic for aquatic organisms. May cause long-term adverse effects in the aquatic environment.

R66: Repeated exposure may cause skin dryness or cracking.

R67: The inhalation of vapours may cause drowsiness and dizziness.

Safety Phrases:

S2: Keep out of the reach of children.

S16: Keep away from sources of ignition -- No smoking.

S13: Keep away from food, drink and animal feed.

S36/37: Wear suitable protective clothing and gloves.

S45: In case of accident or if you feel unwell seek medical advice immediately (show the label where possible).

S60: Eliminate product and its container as hazardous waste.
